

Box Top Update – Still 1 Monthly Drawing left

Great big thank you to every one who collected and submitted Box Tops for our Teacher Appreciation Contest. We collected 2,470 Box Tops in only 2 months!! That is our best collection for any 2 months since we started our program. Every grade earned a Teacher Appreciation Gift Bag for their teachers. The Pre-K class won the Movie and Popcorn party.

There is one more Monthly Drawing for this school year. Then we will also draw for some special prizes for this semester and one final drawing for the entire school year. So if you have Box Tops that you have saved please turn them in this month. You can checkout our website, go to www.cumbyisd.net and then on the left hand side of the page, click on the Box Tops 4 Education link. You can down load collection sheets to print or you can always put your Box Tops in a Ziploc bag. Put your name on the bag so you get chances in the drawing.

Please also remember that we are saving Campbell's Labels for Education too. Another program that we will introduce is the Nestle Pure Life GO PLAY Program. Save the labels from the Nestle Pure Life water bottles for playground games and toys. So you can start saving labels from those products as well. Watch for the information for our Summer Collection Project soon. You will receive more information on that the last week of school.

Thanks for all of you hard work this year, our program is successful because you participate!!
