

Holiday Season & Box Tops 4 Education

The students have worked very hard to collect Box Tops for our school so far this year. I have set our goal for the year at \$600. But I **THINK** that we will reach that goal with our first submission!! I am so proud of the students and the participation we have this year.

You might like to know how you can contribute to our Box Tops 4 Education program during the Holidays. Well the obvious way is with additional cooking and celebrating you may use more Box Top Participating Products. Those wonderful holiday meals mean visiting family and friends. You may ask those family members and friends to help our school by saving their Box Tops for you all year long.

One other way that you can help our school earn Box Tops is to shop online through the Box Tops Marketplace. In order to shop online through the Marketplace, you must sign up for the Box Top Booster Club. Sign up at www.boxtops4education.com\club and earn bonus Box Tops for our school. After you sign up, look at the tabs on the top of the Box Tops web page, www.boxtops4education.com. Select the "Marketplace" tab and you will see a list of participating stores, and the percentage of your purchase that they will donate directly to our Box Tops 4 Education account. If you do enjoy shopping online, please try the Marketplace. Just one more way you can help our school. Below is a list of participating stores and the percentage that they currently contribute back to our school, but **ONLY** when you shop through the Marketplace portal from the Box Tops web site.
